Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses. My family does not use long distance; therefore, we should not have to pay for a service that we do not use.

Under the flat fee or numbers-based plan you are considering, people like me who do not make long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume (or no-volume) and residential customers the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.
